The Right Honourable Justin Trudeau
Prime Minister of Canada
80 Wellington Street
OTTAWA ON K1A 0A2

Dear Prime Minister Trudeau:

Due to your Government's legalization of marijuana having such a deleterious affect on the COPOPOLY [the police monopoly over the control, sale and use of marijuana], my provincial government has restricted granting licences to who can legally sell the stuff to only our pre-approved people.

Despite our public stance as 'Defenders of Free Enterprise,' we will not allow free enterprise into the Saskatchewan marijuana market. Only those "randomly" chosen via a "fair and impartial" lottery can sell pot in the province. It is mere coincidence (wink! wink!) that only police agents and/or stooges were so selected. Moreover, we have instructed our Conservative allies in Ontario and New Brunswick how to emulate our method to ensure that only their agents get sales licences, too.

The COPOPOLY has allowed our police to use stooges to sell marijuana on the illegal market for decades. We supply them the product and let them keep 10% of the cash, plus they have to become police informants. This eases the burden on our law enforcement officers having to do their jobs; also the profits allow our police to open up all sorts of legitimate "cover" businesses to launder the cash. After all, it would also be manifestly unfair to expect those of our First Nations casino operators to have to sell for us, inform for us *and* to launder all the black market money we make from using them to do our work for us.

As you know, since the Rapture came and went almost 20 years ago, the preponderance of white people left in this province are scions of escaped nazi war criminals and their collaborators who were rat-lined here by the Catholic Church after WWII using forged Jewish refugee papers. It was our forefathers who taught us these (and other) methods of controlling the population.

Our leader, Herr Scheer has given us his 100% support and told us that we should ignore you until he becomes fuhrer, er, prime minister later this year. He also said that to distract people from what we are doing, we should blame you for everything. In fact, if you were *against* a carbon tax, we would be *for* it. Either way, Herr Goebbels taught us well when it comes to manipulating the minds of simple folk, such as our predominantly hillybilly population here in this rat-hole called "Saskatchewan."

sincerely,

Scott 'Ho' Moe
Premier
